

On Any Wednesday February Report

by Claire Hartley

After a short break, I am back reporting the goings on of the Wednesday Ride. Lots of happiness about the MotoGP coming to Adelaide in 2027. A few misgivings have been expressed about the safety of a street circuit when we have The Bend.

Mostly good riding weather with a few hotter days.

February 1st

Lester planned one of his famous Sunday breakfast runs to The Appleseed Café at Strathalbyn. We were blessed with perfect weather and met at the Victoria Hotel for a 9am departure. No mucking about, we rode straight to Strath. A great breakfast which finished around lunchtime with coffee at Pik-A-Pie in Meadows on the way home.

February 4th

Twenty-two riders and six apologies today. To Lobethal via Birdwood and circle work in warm to hot conditions.

February 11th

A shorter ride today led by Lester who did not submit a ride report. Dave did manage to catch up with the group. Our thoughts go out to Dave as he is unable to ride at the moment but hanging out with the group really makes his day. Also, to Gerry who drives Dave around so that he can meet up with us, she's a keeper Dave!

February 18th

Twenty-four riders, including one new rider, Steve P, and eight apologies today. Willunga via Kangarilla and circle work. It was great to see Colin, Newell and David S at the ROAR, and hope to see Dave M soon. Safe travels to those attending or heading to Phillip Island. Do we assume that the Moto GP for 2026 will still be at Phillip Island. Perhaps a group ride for the last MotoGP?

February 25th

Twenty-six riders and seven apologies today. To Victor Harbor via Normanville and all places South in cloudy and very gusty weather despite the contrary predictions from Bruce. Bruce commented that he is averaging the same results as the BOM!

Ride safe

Claire
