On Any Wednesday - August Report By Claire Hartley

August 6th
Twenty-nine riders and multiple apologies today. To Lobethal via Williamstown and wide loops around the Hills. Only individuals who took shortcuts and those who followed encountered speed traps. Perhaps the motorcycle Gods were speaking, Bruce!!! Overcast and cool weather conditions.

August 13th
Thirteen riders and multiple apologies today. To Kanmantoo via Woodside and loop around Murray Bridge following blue sky in sunny but cool conditions.

August 14th
Because you can't pass up superb weather during Winter. Lester organised a "spur of the moment" ride from the Feather's carpark to the Lobethal Bakery for lunch. Which was well attended and you can't beat the Lobethal Bakery for good food!

August 20th
Sixteen riders and multiple apologies today. To Willunga via Wistow and circle work. Great to see seven plus ROAR participants joined by riders today. Chris gave an update on Claire (officially on the sick list but now all good) and we wished them both well.

August 27th
Thanks to Lester for stepping up to lead the ride today. Sorry no report on this ride.

August 28th
Steve put out a suggestion for a ride which departed The Feathers at 10:30 aiming to finish at Kanmantoo at around 1 pm. The weather was good and the ride was well attended but alas no report on this ride.
