

On Any Wednesday - June Report

By Claire Hartley

June 3rd What a wet, wet, wet day. A coffee stop at Uraidla was planned. Everyone came in their cars, Except Dave M, proving that everyone else was a “woose”.

June 8th It was the Monday of the King’s Birthday Weekend and John A suggested a quick ride to Strath for coffee. Coffee was followed by lunch at Meadows. Good weather and great company.

June 10th A very special ride today from the Feathers to Nairne for Dave’s 80th Birthday celebration. Twenty-two riders to Nairne in one big loop led by John A. Lot’s of sweeping curves. Gerry (hostess with the mostest) and Fur Ball (the puppy) made us all welcome, including those who drove. Great turnout to welcome Dave M to his 81st year. Plenty of cake, party food and balloons including cake contributions by Bruce (best carrot cake ever!)

June 17th Five riders today on twelve wheels. To Meadows via Mount Compass with no rain on wet but clear roads and warmish conditions. Good to see Dave M, Clive, Andrew, Michael, Neil, Chris and Claire at the ROAR today.

June 24th Nineteen riders and numerous apologies today, including one new rider, Michael, on a new Triumph Tiger GT. To Milang via Meadows and circle work. Thanks to all who assisted with Ross and his bike. Ross was conscious and lucid but appears to have fractures. Thanks to all for participating.

Despite his off-road adventure and short stay in the RAH Ross is healing well and we all hope that we see him back on the road soon. Might be just the ROAR for you in the short-term Ross!

I would like to point out that OAW has protocols for moments like this (thank goodness they are rare events) and everything worked out well.
