

## **On Any Wednesday - May Report**

**By Claire Hartley**

Our youngest rider, Mike W turned 60 on May 6<sup>th</sup>. According to Wednesday Riders tradition, if you have a birthday ending in a 0 or 5 you are required to provide cake at the afternoon stop. How many of us can remember our 60th?

**May 6<sup>th</sup>** Ten riders today, damp roads to start but no rain and dry and sunny all the way to Mannum via Callington. Couldn't avoid the brief rain shower coming out of Mannum but dried out quickly. Thanks to Steve, Ken and Neil (in car) for TEC duties.

**May 13<sup>th</sup>** Twenty riders and eight apologies today. One new bike. To Cudlee Creek via Nairne and circle work in perfect weather.

**May 16<sup>th</sup>** We gathered at the Heysen Chapel in Centennial Park to farewell Colin. Farewell Colin. You will be greatly missed by all your Wednesday Ride mates.

**May 20<sup>th</sup>** Seventeen riders and numerous apologies today. To Port Elliot via Myponga and circle work down South in almost perfect weather conditions. Bernie, Symen, Andrew and Lester on the sick list today. Some departing for an alleged Summer in the Northern hemisphere. Safe travels. Thanks to all for participating.

**May 27<sup>th</sup>** Nineteen riders and multiple apologies today. To Victor Harbor via Normanville in various conditions. Best wishes to our sick and overseas participants. We note that the thirty plus, plus, plus temps in the UK and Europe. Hope you took your shorts and thongs.
